Welcome Home! A wonderful home featuring three bedrooms and 2 full baths, a spacious living room, phenomenal updated kitchen, large family space (great for another sitting area or office), and yes a TWO CAR attached garage. You must check out the centrally located kitchen with a perfect preparation and cooking pattern, stainless steel appliances, a "six-top" breakfast bar adjacent to the living room, dining area and the family room for easy entertainment. There is also a pass through from kitchen to family room making it easy to take barbecue items to the backyard for those wonderful outdoor gatherings! The solid surface countertops are adorned with a decorative tile backsplash. The deep two bowl kitchen sink has a high arch pull-down kitchen faucet with sprayer making clean up after a fun-filled gathering much easier. The updated vanity in the primary bath has a solid surface countertop with elegant glass bowl sink. A shower is located in the primary bathroom, while the hall bath has a tub shower combination. An oval glass sink atop the solid surface countertop is very decorative as well as functional. Check out the covered lanai in the fun filled fenced yard with four fruit trees, and a well numn for the srinkler system. Yes, this home does have an attached garage to keep your car
